I-LINE

INFINITY I-LINE - THE ULTIMATE IN LUXURY SHOWER SYSTEMS

THE OTL INFINITY I-LINE SHOWER SOLUTION IS
SO DISCRETE THAT IT ALMOST DISAPPEARS.

INFINITY I-Line provides an elegant, seamless finish with an almost invisible channel edging the wall. Combine this with a considerate, sloped floor and water is ensured to flow directly into the channel, thus providing one of the most minimalist of wet room designs to date. The simple, subtle, linear design enables the end user to enjoy showering in ultimate comfort.

ADVANTAGES

- Modern, state-of-the-art shower floor design
- Luxurious look and feel
- No unsightly shower drains
- Space saving - more room to stand

INFINITY I-Line is a must-have for any style-conscious bathroom owner. Its cutting-edge design gives a luxury feel to any bathroom, and exudes grace and class of the highest level.

THE OTL INFINITY I-LINE SHOWER
DRAINAGE CHANNEL IS SO DISCRETE
THAT IT ALMOST DISAPPEARS.

EASY ASSEMBLY CLEAN, LUCID DESIGN

INFINITY I-LINE IS CONSIDERATELY DESIGNED FOR CONVENIENCE, STYLE AND MODERN LIVING

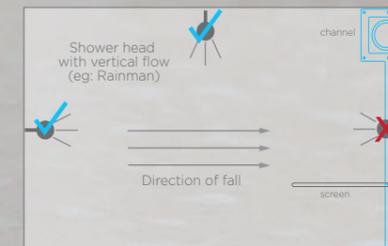

We've called this new system 'INFINITY I-Line' because of its discreet nature; it's almost invisible to the eye. INFINITY I-Line merges seamlessly into all types of floor and guarantees the latest look when it comes to high-end wet room design. Created in-house by our experts and exclusive to OTL, INFINITY I-Line is manufactured in the UK from high grade stainless steel for a timeless finish.

ADVANTAGES

- Highest standard of craftsmanship
- Easy to install
- Ideal for all floor types
- Left & right-hand side configuration options
- Built-in fall - no sitting water
- 4 different stock size formers available, with multiple configurations (see page 6)

INFINITY I-Line is easy to position and comes with full instructions to aid installation as well as access to our friendly helpdesk if you need further advice. Our formers are manufactured with a built-in gradient - directional to the channel - creating the perfectly shaped floor.

SEAMLESS DESIGN IS ALMOST INVISIBLE TO THE EYE.

INFINITY I-Line merges seamlessly into all types of floor and guarantees the latest look when it comes to high-end wet room design.

Due to the high volume of water from some shower types, we recommend you do not install a shower head that sprays outward directly above the channel. Pressure from the shower head could restrict the volume of water flowing back to the channel.

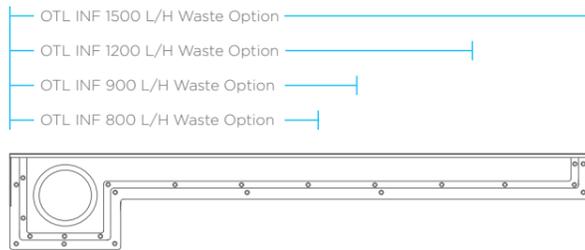

ORDERING IS EASY WITH OUR 4-STEP GUIDE

STEP 1 - CHOOSE YOUR CONFIGURATION

Will the waste channel be on the left or right-hand side of the shower? Please quote left or right when ordering.

OTL INF L/H Waste Option

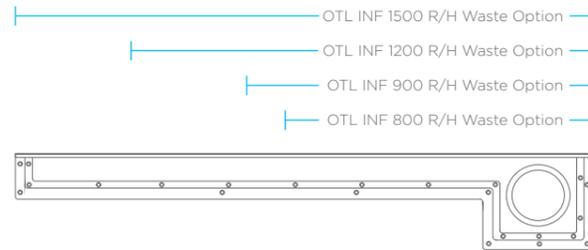

STEP 2 - CHOOSE YOUR CHANNEL SIZE

Choose the correct width for your waste channel.

All INFINITY I-Line channels are supplied with:

- 42 LPM Horizontal Gully
- 2 No Nylon Spacing Blocks
- Nylon Cleaning Brush

OTL INF R/H Waste Option

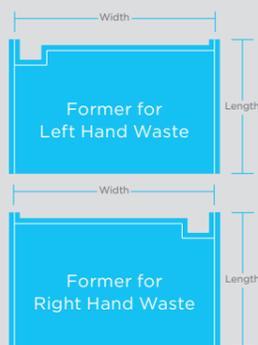

STEP 3 - CHOOSE YOUR FORMER SIZE

Our standard formers come in sizes to fit our four waste option sizes. Choose from the below:

STOCK SIZE FORMERS FOR OTL INF 800/900/1200/1500 WASTE OPTIONS

LENGTH	WIDTH	FORMER MODEL NUMBER
800 WASTE OPTIONS		
900mm	800mm	OTL INF 9/8
1200mm	800mm	OTL INF 2/8
1500mm	800mm	OTL INF 15/8
900 WASTE OPTIONS		
900mm	900mm	OTL INF 9/9
1200mm	900mm	OTL INF 12/9
1500mm	900mm	OTL INF 15/9
1200 WASTE OPTIONS		
900mm	1200mm	OTL INF 9/12
1200mm	1200mm	OTL INF 2/12
1500mm	1200mm	OTL INF 15/12
1500 WASTE OPTIONS		
800mm	1500mm	OTL INF 8/15
900mm	1500mm	OTL INF 9/15
1000mm	1500mm	OTL INF 10/15

STEP 4 - DON'T FORGET YOUR TANKING KIT!

Everything you need to completely waterproof your INFINITY I-Line shower room. Safe, reliable, and durable, the OTL tanking kit will protect your former from any leaks with a sealed membrane.

OTL INFINITY I-LINE TANKING KIT (REF: OTL 021 INF)

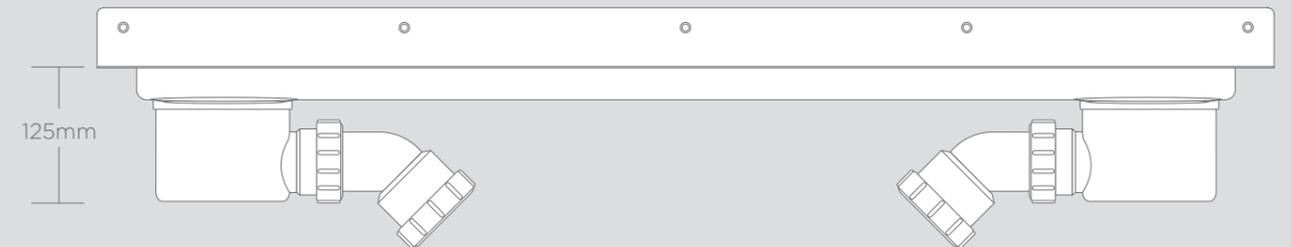

Kit contents:

- 1 x 8kg OTL Tanking Compound, 1 x 1ltr OTL Tanking Primer
- 1 x 10mm roll OTL Tanking Tape, 1 x 1200 x 270mm large OTL Tanking Butyl Tape, 1 x 1200 x 100mm small OTL Tanking Butyl Tape,
- 2 x OTL Tanking Sleeves, 1 x OTL Tanking Internal Corner OTL 021

OTL INFINITY I-LINE BESPOKE SERVICE

INFINITY I-LINE IS MORE THAN STANDARDISATION - IT ALSO ADAPTS TO YOUR NEEDS

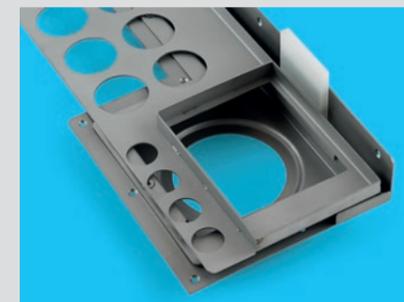

Working on a bespoke project and need INFINITY I-Line to fit in with what you're doing? OTL understands that sometimes standard sizes aren't enough, which is why we also supply bespoke floor formers and channels to suit your needs.

- For those extra large projects we can equip you with a dual-outlet channel - the ideal solution for longer shower floor formers and bathrooms with high water pressure shower heads.
- Bespoke formers can be manufactured from 600mm in length, up to 2000mm.
- Our technical helpdesk is on hand to guide you through every step of your bespoke order.
- Bespoke formers can be produced using a thicker material - up to 30mm - for larger rooms where the fall is spread over a longer length.

The OTL trap gully can cater for a variety of flow rates; from 34 to 50 litres per minute.

A removable housing plate sits here to allow for easy cleaning of the trap gully.

The INFINITY I-Line system is easy to install and comes with full installation instructions.
