Product Code
INFFORM 9/12 LH12

Drawing Specification

Product Description
24mm former 900mm x 1200mm with integrated gradient.
The formers have a precise, built-in fall, which ensures
surface water flows in the direction of the waste outlet.

Purpose
The OTL Infinity I-Line Former once installed is concealed.
The purpose of a former is to provide a sufficient gradient in
the floor within the showing zone.

Most Commonly Used In
Private homes, high end developments, gyms, spas, hotels.

Install Particulars
All OTL Infinity I-Line Formers can be trimmed onsite if
required.

Used only in conjunctions with tiled floors.

Former for Left Hand Waste
