Product Code

**INFORM 9/15 RH15**

**Drawing Specification**

Product Description

24mm former 900mm x 1500mm with integrated gradient.  
The formers have a precise, built-in fall, which ensures  
surface water flows in the direction of the waste outlet.

Purpose

The OTL Infinity I-Line Former once installed is concealed.  
The purpose of a former is to provide a sufficient gradient in  
the floor within the showing zone.

Most Commonly Used In

Private homes, high end developments, gyms, spas, hotels.

Install Particulars

All OTL Infinity I-Line Formers can be trimmed onsite if  
required.

**Used only in conjunctions with tiled floors.**

**Former for Right Hand Waste**
