Product Code

SQFORM12/9

Drawing Specification

Product Description

24mm Former 1200mm x 900mm with integrated gradient.
The OTL wetroom formers have been specifically designed to be concealed; once they are laid they cannot be seen. The formers have a subtle, built-in gradient which encourages surface water to flow in the direction of the waste outlet.

Purpose

The OTL wetroom former once installed is concealed - they cannot be seen. The purpose of a former is to provide a sufficient gradient in the floor within the showering zone. The former provides the perfect solution in order for water to quickly drain directly towards a gully outlet.

Most Commonly Used In

Private homes, Spas, Hotels, Gyms, Luxury residential bathrooms, Hotel bathrooms

Install Particulars

All WR formers can be trimmed onsite if required.

Used only in conjunctions with a tiled floor and OTL Tanking System

All WR formers are supplied with - OTL TSG 50 BLK Top Gully and OTL Grating (Choice of 6)
Vertical outlet can be supplied on request.
