Product Code

SS2FORM12/10

Drawing Specification

Product Description

2 Way Fall
24mm Former 1200mm x 1000mm with
integrated gradient.

Purpose

The OTL Super Slim Former once installed
is concealed - they cannot be seen. The
purpose of a former is to provide a
sufficient gradient in the floor within the
showering zone. The former provides the
perfect solution in order for water to
quickly drain directly towards a gully outlet.

Most Commonly Used In

Private homes, Care homes, Hospitals,
Holiday homes, Schools, Gyms, Local
Authority Grants.

All Super Slim formers can be trimmed
onsite if required.

**OTL Super Slim Former only compatible
with OTL Super Slim Linear Channels**
