Product Code

**SS2FORM 15/8**

**Drawing Specification**

Product Description  
2 Way Fall

24mm Former 1500mm x 800mm with integrated gradient.

Purpose

The OTL Super Slim Former once installed is concealed - they cannot be seen. The purpose of a former is to provide a sufficient gradient in the floor within the showering zone. The former provides the perfect solution in order for water to quickly drain directly towards a gully outlet.

Most Commonly Used In

Private homes, Care homes, Hospitals, Holiday homes, Schools, Gyms, Local Authority Grants.

All Super Slim formers can be trimmed onsite if required.

**OTL Super Slim Former only compatible with OTL Super Slim Linear Channels**
