Product Code

SS2FORM15/9

Drawing Specification

Product Description

2 Way Fall
 24mm Former 1500mm x 900mm with
 integrated gradient.

Purpose

The OTL Super Slim Former once installed
 is concealed - they cannot be seen. The
 purpose of a former is to provide a
 sufficient gradient in the floor within the
 showering zone. The former provides the
 perfect solution in order for water to
 quickly drain directly towards a gully outlet.

Most Commonly Used In

Private homes, Care homes, Hospitals,
 Holiday homes, Schools, Gyms, Local
 Authority Grants.

All Super Slim formers can be trimmed
 onsite if required.

**OTL Super Slim Former only compatible
 with OTL Super Slim Linear Channels**
