Product Code

**SS4FORM 10/17**

**Drawing Specification**

Product Description

4 Way Fall  
24mm Former 1000mm x 1700mm with  
integrated gradient.

Purpose

The OTL Super Slim Former once installed  
is concealed - they cannot be seen. The  
purpose of a former is to provide a  
sufficient gradient in the floor within the  
showering zone. The former provides the  
perfect solution in order for water to  
quickly drain directly towards a gully outlet.

Most Commonly Used In

Private homes, Care homes, Hospitals,  
Holiday homes, Schools, Gyms, Local  
Authority Grants.

All Super Slim formers can be trimmed  
onsite if required.

**OTL Super Slim Former only compatible  
with OTL Super Slim Linear Channels**
