Product Code

SS4FORM 135/9

Drawing Specification

Product Description
4 Way Fall

24mm Former 1350mm x 900mm with integrated gradient.

Purpose

The OTL Super Slim Former once installed is concealed - they cannot be seen. The purpose of a former is to provide a sufficient gradient in the floor within the showering zone. The former provides the perfect solution in order for water to quickly drain directly towards a gully outlet.

Most Commonly Used In

Private homes, Care homes, Hospitals, Holiday homes, Schools, Gyms, Local Authority Grants.

All Super Slim formers can be trimmed onsite if required.

OTL Super Slim Former only compatible with OTL Super Slim Linear Channels
