## SPEC SHEET

### SECTOR:

Hotel

### OUR CLIENT:

Z Hotels Group

### OTL PRODUCTS SPECIFIED:

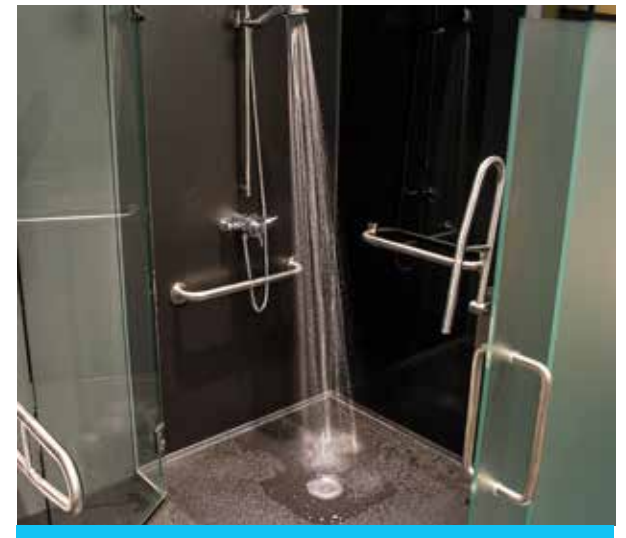

Over 500 bespoke Level Access wet room floors for vinyl sheet flooring with anti-ligature grating

## PROJECT OVERVIEW

On The Level (OTL) supplied over 500 custom-made wet room floors to the Z Hotels Group.

A first for OTL, these concealed shower formers were pre-coated with Forbo Vinyl Sheet flooring technology, designed for continuously wet-areas and ready-to-go. The use of the ready-made OTL shower floor system means less disruption on site especially during any upgrades or expansions plus a reduction in on-site labour times and labour costs and an exceptionally short turn-around from start to finish.

After being manufactured to exacting standards in our factory in Bedfordshire, and finished off by hand, the wet floors pass through a stringent quality control process to prevent delays and problems once on site. The custom made formers for Z Hotels were the first of their type for OTL; the unique design was developed to suit the specific requirements of the project. This new concept was the result of collaboration between Z Hotels and OTL, the goal being a simple cost effective level access shower solution adaptable for all Z Hotel commercial projects.
